Conference: 2022 Annual Spring Conference

Category: Preconference Workshop - 4-8 hours

Preview Mode: PROPOSAL

This category:

Limited number of slots for 4 to 8 hour interactive, skill-building session that occurs the day before the conference begins
Content requires more time than the other conference formats allow

Required elements:

Detailed description of use of time allocation and active participant engagement method(s)
Detailed description of measurement methods and project results and/or how effectiveness of this presentation has been assessed prior to submission

Click the Cancel button below if you do NOT want to create a submission in this category.

Title (125 characters including spaces - DO NOT use all capitals):

Session Time: 4-8 hours

Abstract that will appear as the description of your session in the program.

Abstract (1250 characters including spaces)

This session length is (select one)*.

Please specify maximum number of attendees *

Impact - How might your session impact other programs or institutions? *(Character limit including spaces: 1250)

Have you presented similar content at an STFM Annual Conference within the past 3 years?*

Select One

If yes, please summarize what have you added or changed since your last presentation. (Character limit including spaces: 1250)

Learning Outcomes: List three using these guidelines

- Clearly describe what participants will take away and be able to implement after the session in active, measurable terms (e.g. - define, interpret, explain, apply)
- Use the SMART format (specific, measurable, attainable, relevant, and timely) to describe how this session will change your audience.
- Refer to <https://www.stfm.org/media/2946/submitter-tips-ppt-revised-2020.pptx>

Example - On completion of this session, participants should be able to identify and describe the three primary tenets of the Patient Self-Efficacy Model. At the end of this workshop, the participants will be able to:

First Objective: *

Second Objective: *

Third Objective: *

Session teaching plan - provide detailed description of your teaching strategy for this session including time allocation and plan for audience engagement. * (Character limit including spaces: 1250)

Please provide assessment information by providing one or both of the following as applicable to your submission. * Note: "N/A" is not an acceptable response.

- 1) Describe project assessment data available at the time of submission
- 2) Describe how you have assessed the effectiveness of this presentation prior to submission

Assessment Information *(Character limit including spaces: 1250)

References: Cite key references that support the session content. *(Character limit including spaces: 1250)

Is this proposal an official submission on behalf of one of the following groups: STFM Board, STFM Collaboratives, STFM Special Project Teams, STFM Committees, and STFM Fellowships..

NO

If your workshop will be sponsored by an outside (non-STFM) group, organization, or other funder, please enter the sponsor information here (including name and contact information).

PROPOSAL

Conference: 2022 Annual Spring Conference

Category: Panel Discussion - 60 min

Preview Mode: PROPOSAL

This category:

Limited number of slots for 60-minute moderated, interactive session with 3-5 knowledgeable panelists to engage participants in discussion about an innovative or provocative topic in family medicine education

It is NOT intended to be a series of "mini presentations"

Required Elements:

Panelists must demonstrate content expertise and ideally, represent multiple institutions

Detailed description of use of time allocation and active participant engagement method(s)

Click the Cancel button below if you do NOT want to create a submission in this category.

Title (125 characters including spaces - DO NOT use all capitals):

Session Time: 60 min

Abstract that will appear as the description of your session in the program.

Abstract (1250 characters including spaces)

Impact - How might your session impact other programs or institutions? *(Character limit including spaces: 1250)

Summary of expertise of panelists including supporting evidence *(Character limit including spaces: 1250)

Learning Outcomes: List three using these guidelines

- Clearly describe what participants will take away and be able to implement after the session in active, measurable terms (e.g. - define, interpret, explain, apply)
- Use the SMART format (specific, measurable, attainable, relevant, and timely) to describe how this session will change your audience.

PROPOSAL

Conference: 2022 Annual Spring Conference

Category: Lecture-Discussion - 30 min

Preview Mode: PROPOSAL

This category:

30 minute presentation and discussion of educational, programmatic or clinical practice innovation or implementation

Completed project evaluation

Required elements:

Reportable outcomes for dissemination

Submission describes use of interactive teaching methods to be applied in the session

Examples include: outcomes of a curricular innovation that could be implemented in other programs, a clinical project that improved practice outcomes, or an intervention that created an opportunity to meet educational needs or well-being

Projects still in progress at the time of submission (not at the time of presentation) are most appropriate for the Developing Scholarly Project Poster category. New ideas can be submitted in the Scholarly Roundtable category.

Click the Cancel button below if you do NOT want to create a submission in this category.

Title (125 characters including spaces - DO NOT use all capitals):

Structured abstract that will appear as your session description. Describe your project 1) rationale 2) methods/design 3) results 4) conclusion. You do not need to use section headers.

PROPOSAL

Conference: 2022 Annual Spring Conference

Category: Completed Research Project - 10 min, 5 min discussion

Preview Mode: PROPOSAL

Title (125 characters including spaces - DO NOT use all capitals):

Session Time: 10 min, 5 min discussion

Abstract Instructions: Abstract should contain the following headings.

Purpose: One sentence describing the problem being addressed and one sentence stating the objective of the study.

Methods: Describe the study design, setting, participants, interventions, measures, main outcomes, and analyses.

Results: State the main findings of the study.

Conclusions: Two sentences that 1) summarize the main findings/interpretation of the study and, 2) provides context by stating main implications of the findings for practice, policy, or research.

Abstract (2500 characters including spaces)

Please confirm your Abstract includes a Purpose, Methods, Results and Conclusions.*

Select One

Please read requirements carefully before completing submission - incomplete information will lead to disqualification.

Learning Objectives: List three using these guidelines

- Clearly describe what participants will take away and be able to implement after the session in active, measurable terms (e.g. - define, interpret, explain, apply)
- Each objective must be concise and written in SMART format (specific, measurable, attainable, relevant, and timely)

Example - On completion of this session, participants should be able to identify and describe the three primary tenets of the Patient Self-Efficacy Model.

First Objective: On completion of this session the participants should be able to... *
