

2025 STFM Member Benefits Guide

Become a Member of the Society of Teachers of Family Medicine (STFM)

Benefits of STFM membership include:

- Support and resources for meeting accreditation requirements
- Access to professionally prepared curricula
- Opportunities to network with family medicine faculty from across the country
- Subscriptions to family medicine-focused peer-reviewed journals

STFM Membership Categories

1. Physician
2. Other Family Medicine Educator
3. Associate
4. Coordinator
5. International
6. Student
7. Resident
8. Fellow
9. Emeritus
10. Lifetime

Donate to the STFM Foundation

STFM has a foundation to promote and develop support for STFM and its mission and goals. The STFM Foundation raises money to support pathway programs that recruit and develop family medicine faculty.

Donate to invest in the future of academic family medicine by helping create scholarships, fellowships, and awards: stfm.org/foundation

• Collaboration Opportunities	pg 18

News and Publications

Annals of Family Medicine

Submit research findings and learn from other scholars who publish in the *Annals of Family Medicine*, a peer-reviewed journal for scientists, clinicians, policymakers, and the patients and communities they serve. *Annals* addresses practice-based research that bridges disciplinary boundaries in the delivery of patient-centered, prioritized, high-quality health care.

Access the journal: annfammed.org

Blog

Join the conversation on the STFM blog by sharing your ideas about how to improve family medicine education and offering a new perspective about the role of family medicine in the health care system.

Visit the STFM blog: blog.stfm.org

Family Medicine

Your STFM membership includes a digital subscription to *Family Medicine*, the official peer-reviewed journal of STFM. *Family Medicine* publishes original research, systematic reviews, narrative essays, and policy analyses relevant to the discipline of family medicine.

Access your subscription: journals.stfm.org/familymedicine

Messenger Newsletter

You'll receive the latest updates on new STFM products and services, conference submissions, registration deadlines, legislation updates, and accreditation changes in the *STFM Messenger*, the official monthly email news publication of STFM.

Read all historic issues on the STFM website: stfm.org/messenger

Podcasts

STFM podcasts feature conversations with family medicine leaders on key areas at the intersection of academic medicine, leadership, health equity, and medical education.

Listen on our website: stfm.org/podcasts

PRiMER

Meet your scholarly activity requirements by submitting your work to *Peer-Reviewed Reports in Medical Education Research (PRiMER)*. This online, peer-reviewed, open-access journal publishes small, rigorously designed original research briefs in medical education and health workforce policy, as well as learner research. All articles published in *PRiMER* are indexed in PubMed.

Learn more: journals.stfm.org/primer

STFM Conferences

Visit our website for a list of all future STFM conference dates: stfm.org/conferences/futuredates

Conference on Medical Student Education

Join us at the STFM Conference on Medical Student Education and get the skills and tools you need to prepare your medical students to lead and prosper in a new environment of patient care. Share your medical student education wisdom, learn new skills, gain new ideas, and be inspired — and most importantly, network, meet new colleagues, and reacquaint with old friends! This conference is for anyone involved in the education of medical students. Bring your students, residents, and community preceptors, and pass on the excitement for academic family medicine.

Visit our website for information about registration, the preliminary schedule, and travel information: stfm.org/mse

January 30–February 2, 2025 • San Antonio, TX
January 29–February 1, 2026 • Charlotte, NC

Annual Spring Conference

Join STFM at the most anticipated event of the year: the STFM Annual Spring Conference. The event features an extensive lineup of more than 500 educational and interactive sessions, including seminars and workshops, lecture discussions and roundtables, poster presentations, and other networking opportunities. Join a vibrant community of more than 1,500 family medicine educators to share insights, learn from success stories, and foster collaboration with your peers. The STFM Annual Spring Conference is for learners, faculty, administrators, and department and program leaders.

Visit our website for more about registration, the preliminary schedule, and travel information: stfm.org/annual

May 3–7, 2025 • Salt Lake City, UT
May 1–5, 2026 • New Orleans, LA

Conference on Practice & Quality Improvement

In Cooperation With the Forum for Behavioral Science in Family Medicine Attend the STFM Conference on Practice and Quality Improvement, and come home with practical skills, information, and resources to transform your practice to achieve the quadruple aim. Learn to create interprofessional, high-functioning teams that improve efficiency and patient care, and network with others who are committed to continuous practice improvement and innovation. This conference brings together providers, researchers, educators, residents, practice team members, and administrators.

Visit our website for information on registration, the preliminary schedule, and travel information: stfm.org/cpqj

September 8–10, 2025 • Pittsburgh, PA
August 31–September 2, 2026 • Palm Desert, CA

Curriculum for Teaching Medical Students and Residents

Residency Curriculum Resource

Access more than 200 peer-reviewed, case-based presentations, quizzes, and facilitators’ guides for family medicine education. The full curriculum is organized by topic and available through a paid subscription. STFM members get free access to topic lists and recommended readings — no subscription required.

Learn more: fammedrcr.org

National Clerkship Curriculum

Access more than 200 peer-reviewed, case-based presentations, quizzes, and facilitators’ guides. Define and develop a more effective third-year family medicine clerkship with this free online resource. The curriculum is organized into five sections:

1. Principles of Family Medicine
2. Core Presentations for Acute Care
3. Core Presentations for Chronic Diseases
4. Health Promotion and Disease Prevention
5. Role of Family Medicine

Learn more: stfm.org/ncc

Smiles for Life Oral Health Curriculum

Ensure the integration of oral health and primary care with this free online curriculum developed by the STFM Group on Oral Health. The Smiles for Life curriculum includes eight 60-minute modules covering core areas of oral health relevant to health professionals.

Learn more: smilesforlifeoralhealth.org

Practice Management Handbook

Designed for family medicine residents and physicians, this free, online handbook is an inclusive resource to help prepare for or refine practice management. It outlines a range of practice models and the skills needed for each.

Access the handbook: connect.stfm.org/practicemanagementhandbook/home

Telemedicine Curriculum

Give your residents and students the knowledge and skills they need to conduct effective, patient-centered telemedicine visits. The free telemedicine curriculum is divided into five modules:

1. Intro to Telehealth
2. The Telehealth Encounter
3. Requirements for Telehealth
4. Access and Equity in Telehealth
5. Future of Telehealth

Access the modules: stfm.org/telemedicinecurriculum

Advocacy Curriculum

Learn how to educate legislators on the value of family medicine and encourage them to support the expansion of a well-trained family medicine workforce with this free online course. The course provides skills and practical strategies for governmental advocacy at the local, state, and federal level. Modules include:

1. Getting Started in Advocacy
2. State and Local Advocacy
3. Overview of Federal Legislation
4. Prepare and Make Contact
5. The One-Pager
6. The Visit
7. Maintaining the Relationship

Access the curriculum: stfm.org/advocacycourse

Sub-Internship Curriculum

The Family Medicine Sub-Internship (Acting Internship) is an advanced, clinical rotation offered in the final phase of medical school. The STFM Sub-Internship Curriculum creates a standardized national sub-internship curriculum. This curriculum is free for STFM members and has been endorsed by the Association of Family Medicine Residency Directors and is supported by the American Academy of Family Physicians.

Download the curriculum: stfm.org/subicurriculum

Curriculum for Teaching Medical Students and Residents

Addiction Medicine Curriculum

STFM’s Addiction Medicine Curriculum includes 13 addiction medicine modules with interactive content, handouts, videos, supplemental resources, and assessments. The national curriculum is free for STFM members and covers screening and treatment of a variety of substance use disorders.

Find the curriculum: stfm.org/addictionmodules

Understanding Health Systems

These free online courses and resources help faculty and residents understand how decisions are made in health systems and advocate for business-based solutions that incorporate the needs of medical education, family medicine, and health systems. Topics include:

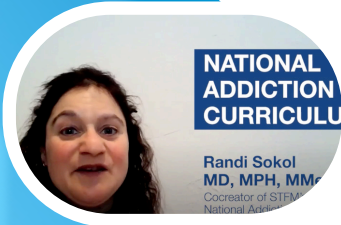

- Advocating Within Your Health System
- Analyzing Health Systems Data
- The Business of Medicine
- Systems and Structure
- Health Systems Finance
- Educating Residents and Students About Health Systems

Access the courses and resources: stfm.org/healthsystems

Global Health Toolkit

This toolkit is intended to be a guide for developing the Global Health curriculum for a family medicine residency program. This toolkit was created as a collaboration between the Society for Teachers of Family Medicine’s (STFM) Global Health Educators Collaborative (GHEC) and the American Academy of Family Physicians Center for Global Health Initiatives (CGHI). It is not intended to be a list of what a program must include in a global health track, but what a program could consider to include based on its resources, goals, and resident interests.

Access the toolkit: stfm.org/globalhealthtoolkit

Preceptor Recruitment and Retention Resources

TeachingPhysician.org

TeachingPhysician.org is a comprehensive, web-based resource that brings point-of-need instruction to preceptors in the form of videos, tips, answers to frequently asked questions, and links to in-depth information. TeachingPhysician.org helps medical schools and residency programs recruit, train, and retain community preceptors and meet accreditation requirements for faculty development.

Learn more: teachingphysician.org

Clerkship Onboarding Resources

Join departments, specialties, and health professions across the country in standardizing the onboarding of students and reducing administrative burdens for community faculty (preceptors). These free clerkship onboarding resources include:

- Online modules for students on:
 - How to Write a High-Quality Note in the Electronic Medical Record
 - How to Perform Medication Reconciliation
 - Motivational Interviewing: a Structured Approach to Behavior Change
- A student passport that provides preceptors with basic information about the student’s training and objectives for the current rotation
- Tips for students on “How to Be Awesome in an Ambulatory Clinical Rotation”

Learn more: stfm.org/clerkshiponboarding

ABFM Precepting PI Toolkit

The American Board of Family Medicine (ABFM) Precepting Performance Improvement Program allows academic units (Sponsors) to offer Performance Improvement credit (MOC IV) to family physicians who teach medical students or residents and who participate in a teaching improvement activity. Get specifics on how to offer this credit.

Learn more: stfm.org/abfmpitoolkit

Topic-Specific Aggregated Resources

Diversity, Equity, Inclusion, and Accessibility Resources

STFM condemns and denounces discriminatory and racist acts and calls on all members of the family medicine community to speak out against inequality and systemic racism. Resources in the areas of diversity, equity, inclusion, and accessibility (DEIA) are continually developed and aggregated in this centralized location for free STFM member use.

Learn more: stfm.org/deia-resources

Residency Accreditation Toolkit

Use the Residency Accreditation Toolkit to get tips, techniques, and tools to help your program meet ACGME accreditation requirements.

Learn more: stfm.org/Resources/ResidencyAccreditationToolkit

Behavioral Science Basics Microsite

This website is a compilation of teaching and clinical care resources for new and seasoned behavioral health/family systems educators. It is free for STFM members and includes curriculum, patient care resources, key articles, books, evaluation tools, and presentations.

Learn more: connect.stfm.org/behavioralsciencebasics

Resources for Reducing Mental Health Stigma for Faculty, Residents, and Students

Questions on state licensing applications and for hospital, medical group, and health plan credentialing should not deter physicians, faculty, residents, and students from getting the mental health care they need. Use these free resources to learn more and advocate for change.

Learn more: stfm.org/mentalhealthstigma

Resources for Holistic & Inclusive Residency Recruitment

Increasing the diversity in residency programs requires intentional planning for each step of recruitment. Use these free resources to learn about evidence-based best practices in holistic review of applications, mitigating bias in the residency interview process, and guidelines to implement.

Learn more: stfm.org/IncreasingDiversityinResidencies

Competency-Based Medical Education Toolkit for Residency Programs

The Accreditation Council for Graduate Medical Education (ACGME) Family Medicine Program Requirements require programs to ensure residents demonstrate competence, and the ABFM now requires program directors to attest to resident competence. This free STFM toolkit helps family medicine residency programs understand and implement competency-based medical education (CBME).

Access the toolkit online: stfm.org/cbmetoolkit

Family Medicine Residency Learning Networks Resources

The ACGME Family Medicine Program Requirements encourage family medicine residency programs to participate in learning collaboratives/networks to accomplish mutually agreed-upon objectives.

Access resources to get started: stfm.org/residencylearningnetworks

Pharmacists as Educators in Family Medicine Residency Programs

This website was developed by the STFM Pharmacist Faculty Collaborative and contains a compilation of resources for new and seasoned pharmacist educators. You'll find information on faculty development, fellowships, scope of practice, patient-centered medical home, credentialing and competencies, payment/reimbursement, collaborative practice agreements, and more.

Learn more: connect.stfm.org/pharmacistsaseducators

Additional Resources for Faculty

STFM Resource Library

Save time on curriculum development with access to free teaching, research, and point-of-care resources uploaded by thousands of family medicine educators. STFM's shared, online resource library contains:

- Conference presentations
- Curriculum
- Digital images
- Audio and video files
- Standardized patient cases
- Forms, policies, and guidelines

Learn more: resourcelibrary.stfm.org

Career Development Opportunities

CERTIFICATE PROGRAMS

Residency Faculty Fundamentals Certificate Program

This certificate program includes 14 self-led, online courses with assignments to provide foundational training for residency faculty. Completion requires a minimum of 35 hours and covers:

- The structure and requirements of residency education
- How to be an effective and efficient faculty member
- The nuts and bolts of curriculum development and teaching
- Strategies for assessment, feedback, and remediation of residents

Graduates receive a certificate, a letter of congratulations noting the accomplishment, a letter to their program director, and a press release to distribute locally. They are listed on the STFM website. Visit our website to learn more, including cost for members and how to purchase: stfm.org/rff

Point-of-Care Ultrasound (POCUS) Educator's Certificate Program

The yearlong STFM FM Point-of-Care Ultrasound (POCUS) Educator's Certificate Program will train family medicine residency faculty to serve as their program's POCUS champion with the skills to train family medicine residents how to effectively use POCUS. Participants in the certificate program benefit from:

- A POCUS curriculum tailored for family medicine faculty
- Robust in-person and virtual workshops
- A series of online modules on targeted topics

- Image review with feedback by experienced faculty
- Monthly education review sessions to review POCUS cases
- A final assessment with both written and in-person skills exams

Visit our website to learn about cost, deadlines for applications, how to apply, and more: stfm.org/pocuseducatorscertificate

FELLOWSHIPS

Behavioral Science/Family Systems Educator Fellowship

This competitive, yearlong fellowship is for family medicine faculty who are responsible for coordinating or teaching the behavioral science/family systems curriculum. The Behavioral Science/Family Systems Educator Fellowship will help you:

- Better understand the medical culture
- Build a personalized professional development plan
- Integrate behavioral science and family systems core principles into the practice of family medicine
- Plan, create, and present a scholarly project at a national conference
- Grow professionally through strong mentoring relationships with seasoned behavioral science/family systems educators and physicians

Visit our website for information about cost and how to apply: stfm.org/bfef

CERA Fellowship

The CERA Fellowship provides one faculty member a yearlong experience with the CERA Steering Committee. Through this part-time fellowship, faculty receive mentorship and training to lay the groundwork to be a future scholarly leader. The fellowship term lasts for one year, beginning and ending in May.

Visit our website for information about eligibility and how to apply: stfm.org/cerafellowship

Emerging Leaders Fellowship

This yearlong fellowship provides training, tools, and support for new faculty and those transitioning to leadership roles. Fellows will:

- Learn critical leadership skills
- Lead a team in a project and present on your leadership experience
- Take on a leadership role from the beginning of the program
- Get connected to family medicine leaders who will share tips on motivating others and handling difficult people and situations

Visit our website for information on schedule, cost, and how to apply: stfm.org/emergingleaders

Leadership Through Scholarship Fellowship

This yearlong fellowship offers training and mentorship for early- and mid-career underrepresented in medicine (URM) and Asian American faculty.

Early-career fellows will:

- Develop scholarship writing skills for academic advancement and leadership
- Learn how to recognize, navigate, and overcome the minority tax
- Create a research question tailored to their specific academic responsibilities
- Identify opportunities from scholarship both within and outside of their institution
- Write and publish a letter to the editor as part of a small group
- Write and submit at least one manuscript with the coaching and co-authorship of faculty and peer mentors

Mid-career fellows will:

- Receive one-on-one mentorship specific to their challenges or roadblocks to promotion or leadership

- Participate in a detailed CV review to determine edits for promotion
- Work as a group and with mentor faculty on challenges in scholarship to move forward with stuck projects
- Learn how to navigate mid-career leadership challenges

Visit our website for information on schedule, cost, and how to apply: stfm.org/leadershipscholarship

Medical Editing Fellowship

This virtual, yearlong fellowship with the editorial and publishing teams at *Family Medicine* provides one faculty member with coaching and hands-on experience to improve skills in writing, reviewing, and editing scientific papers. Fellows will:

- Identify the characteristics and value of well-written research papers and narrative essays, and practice evaluating submissions
- Experience the manuscript submission process and become an expert in using the journal's editorial software
- Select peer reviewers, follow up on reviews, and write professional decision letters
- Understand the process between acceptance and publication
- Gain an appreciation for the core ethical principles that guide the operation of scientific journals

Visit our website for information on eligibility and how to apply: stfm.org/medicaleditingfellow

Medical Student Educators Development Institute

This 18-month fellowship offers training, tools, and support for faculty who educate medical students and is particularly suited to those who aspire to be clerkship directors or medical student education directors. Learning opportunities include:

- Developing curriculum
- Evaluating students
- Dealing with challenging learners
- Recruiting and maintaining preceptor networks
- Directing a course
- Providing career advice to students
- Submitting a scholarly project
- Maintaining work-life balance

Visit our website for information on cost and how to apply: stfm.org/msedi

Career Development Opportunities

ONLINE COURSES

Artificial Intelligence and Machine Learning in Primary Care (AiM-PC) Curriculum

Artificial intelligence and machine learning (AI/ML) are transforming primary care, and learners want to participate in the revolution. This AI/ML curriculum, which is being released in stages through spring, 2025, aims to equip learners with the skills needed to be engaged stakeholders, use AI/ML in their practice, and ensure responsible and ethical use of AI/ML. The curriculum will include five online modules and an Interview with an Innovator video series. Modules will include:

- AI/ML Essentials
- Social and Ethical Implications of AI/ML
- Evidence-Based Evaluation of AI/ML-Based Tools
- AI/ML-Enhanced Clinical Encounters
- Integrating AI/ML into the Clinic

Access the curriculum: stfm.org/aimpc

Leading Change Course

Lead change in your institution, community, and country. This free online course covers how to: assess the need for change; develop a plan for change; and provide successful change leadership. The course contains interactive modules, a downloadable workbook for individual learners, 18 optional group activities, and video interviews with change leaders.

Visit our website to learn how to enroll: stfm.org/leadingchange

Advocacy Course

STFM's free Advocacy Course will teach you how to educate legislators on the value of family medicine and encourage them to support expansion of a well-trained family medicine workforce. This course has been taken by more than 3000 family medicine educators and residents.

Visit our website to enroll: stfm.org/advocacycourse

Faculty Skills Course

Pursue professional development and jump-start your faculty career with the fundamental skills you need to succeed in academics. The Faculty Skills Course provides training in fundamental skills you'll need as a faculty member, including time management, incorporating learners into your clinical workflow, and writing for academic publication. Each module in this self-directed course includes video interviews, interactive modules, readings, and self-paced assignments.

Visit our website to learn about cost for members and how to enroll: stfm.org/facultyskillscourse

Intro to Medical Student Education Course

Advance your career as a medical school faculty member with this self-directed online course. The course provides the nuts and bolts of medical student education by showing how to get started advising medical students, how to provide high quality assessment and evaluation, the basics of LCME and COCA requirements, and how to support students in difficulty. Each interactive module includes interviews, readings, and self-paced assignments.

Visit our website to learn about cost for members and how to enroll: stfm.org/mededintrocouse

URM Leadership Pathways in Academic Medicine

This free online course helps underrepresented in medicine faculty learn about trajectories to academic leadership. You'll learn to set career goals, project your leadership voice, build your professional network, and identify opportunities for career advancement.

Visit our website to begin: stfm.org/urmladership

Wellness Course

Wellness is a critical part of preventing physician burnout and maintaining quality patient care. This online course, which is free for STFM members, provides strategies to develop and maintain your personal wellness.

Visit our website to enroll and begin: stfm.org/wellness

Giving Feedback Course

Giving feedback is a critical part of teaching future family physicians, but giving consistent, quality feedback can be challenging. This online course introduces the principles of giving quality feedback and shows when, where, and what models you can use to give feedback.

Visit our website for cost and how to enroll: stfm.org/givingfeedback

WEBINARS

Faculty for Tomorrow Webinars

This free webinar series provides fundamental knowledge and skills that new faculty and residents as educators need to thrive in a career in academic family medicine.

Visit our website to begin: stfm.org/facultyfortomorrow

URM Scholarship Webinars

This free webinar series helps URM students, residents, and faculty increase their skills to produce scholarly research.

Visit our website to begin watching: stfm.org/urmscholarship

STFM New Faculty Scholars Scholarship Webinars

The free STFM New Faculty Scholars Scholarship Webinar series was developed as part of the [STFM Foundation New Faculty Scholars Program](https://stfm.org/foundation-new-faculty-scholars-program) to cultivate leadership and scholarship skills in a cohort of early career faculty.

Visit our website to begin watching: stfm.org/nfswebinars

Other STFM Webinars

Take a look at STFM's other free webinars on key skills for faculty and ways to use member resources. Develop the knowledge you need to thrive in your career in academic family medicine.

Visit our website to begin watching: stfm.org/webinars

Career Development Opportunities

ADDITIONAL FACULTY DEVELOPMENT

Faculty Development Delivered

Meet ACGME and/or LCME requirements, reduce travel expenses, and provide CME opportunities with a customized faculty development workshop at your institution or program. We use interactive methods to engage your faculty and promote evidence-based teaching principles. Pay one fee and invite faculty and preceptors.

Visit our website to learn about cost and the different program options: stfm.org/fdd

Faculty for Tomorrow Workshop

This full-day preconference workshop is for residents and fellows interested in teaching family medicine. The workshop includes inspiring stories from leaders in family medicine, interactive sessions on key teaching and academic skills, a career-planning panel, and a leadership training session.

Registration for the 2025 workshop is available through the [2025 Annual Spring Conference registration page](https://stfm.org/2025-annual-spring-conference-registration). Attendance will be limited to 100.

Visit our website for more information: stfm.org/facultyfortomorrowworkshop

May 3, 2025 • Salt Lake City

Quick Consult

Crafted to cultivate collaborative learning and facilitate professional advancement, Quick Consult is an online mentoring platform that links STFM members in search of guidance/advice with seasoned peers interested in sharing their wisdom and expertise. Whether navigating career shifts, refining new skills, or in pursuit of faculty development insights, Quick Consult empowers users to thrive and excel within a supportive and cooperative environment.

Visit our website to learn more: stfm.org/quickconsult

Faculty Development Starter Package

This combination of STFM resources helps new residency programs: understand and meet accreditation requirements; and prepare faculty to provide quality education to residents. The starter package includes three STFM memberships and other benefits.

Learn more: stfm.org/facultydevelopmentstarterpackage

Underrepresented in Medicine (URM) Mentorship Program

The STFM URM Mentorship Program pairs early-career faculty with mentors to help guide them on a pathway to success in academic medicine. The focus is on addressing barriers unique to URM faculty, giving tips on overcoming those barriers, and helping guide faculty toward careers that are rewarding and fulfilling.

Learn more: stfm.org/urmmmentorship

JOB SEARCH

Family Medicine Careers

Find qualified candidates for open positions or search for career opportunities through familymedicinecareers.com/search

Leadership Opportunities

Bishop Society

This community of STFM members recognizes senior leaders in academic family medicine, provides a forum for interaction, and contributes to STFM’s mission. The Bishop Society holds an annual meeting at each STFM Annual Spring Conference to discuss current challenges facing our discipline. Society members serve as:

- Speakers for STFM fellowship programs
- Developers of leadership sessions at conferences
- Mentors for STFM leadership programs and activities
- Advisors to STFM leadership on issues of relevance to academic medicine

Visit our website to learn how to apply and find other information: stfm.org/bishopsociety

Governance and Operations Leadership

Drive innovation, advance STFM’s mission, and strengthen family medicine education by engaging in one of many STFM leadership opportunities:

- STFM Board of Directors
- Task force member
- Committee member
- Alliance for Clinical Education representative
- Center for the History of Family Medicine representative
- WONCA representative
- AAMC Council of Faculty and Academic Societies representative
- Conference submission reviewer
- Publication editor, reviewer, or author
- Fellowship or certificate program faculty
- Collaborative or special project team leader

Visit our website to learn more: stfm.org/about/leadershipopportunities

Scholarships, Awards, and Grants

SCHOLARSHIPS

Faculty for Tomorrow Resident Scholarship

The STFM Foundation supports scholarships to cover registration fees for residents wishing to attend the full-day Faculty for Tomorrow Preconference Workshop at the STFM Annual Spring Conference.

Visit our website for eligibility and application information: stfm.org/facultyfortomorrow

H. Winter Griffith Resident Scholarship for Excellence in Practice Improvement and Patient-Centered Care

This award recognizes excellence in practice improvement involving outstanding patient interaction, education, care, and outcomes by a resident or resident team in the family medicine medical home setting.

Visit our website for eligibility, application information, and the scholarship amount: stfm.org/hwintergriffith

New Faculty Advocacy Scholarship

STFM supports five annual New Faculty Advocacy Scholarships for new faculty to attend the Family Medicine Advocacy Summit in Washington, DC. Applicants must be members of STFM and fulfill all eligibility requirements.

Visit our website for eligibility, application information, and what the scholarship covers for recipients: stfm.org/newfacultyadvocacy

New Faculty Scholars Program

The New Faculty Scholars Program helps develop future STFM and academic family medicine leaders by offering a year long experience filled with coaching, educational opportunities, and valuable networking interactions. Scholars receive funding for travel/hotel expenses to attend the STFM Annual Spring Conference, where they will present and be recognized among their peers.

Visit our website for eligibility, application information, and the scholarship amount: stfm.org/newfacultyscholars

STFM Foundation Student Scholarship

The STFM Foundation Student Scholarship is for medical students who have an interest in family medicine and potential for an academic career. Scholars receive funding for travel expenses to attend STFM Conference on Medical Student Education, and the opportunity to present their posters at the conference. American Academy of Family Physicians will support one target school student with additional funding for travel and lodging, and STFM will provide that student with a free registration to the Conference on Medical Student Education.

Visit our website for eligibility, application information, and the scholarship amount: stfm.org/studentscholarship

AWARDS

CERA Best Paper Award

This award recognizes the best CERA paper published in a peer-reviewed journal during the previous academic year. The winning paper is presented at a poster session at the STFM Annual Spring Conference.

Learn more: stfm.org/cerabestpaper

Curtis G. Hames Research Award

The Curtis G. Hames Research Award honors individuals whose careers have exemplified dedication to research in family medicine.

Learn more: stfm.org/curtisghames

STFM Diversity Award

The STFM Diversity Award recognizes an STFM member who promotes innovative leadership, impact, and change that advances diversity, equity, and/or inclusion in family medicine education through the nominee's work as a family medicine faculty member. Priority is given to work with underrepresented minorities in medical education.

Learn more: stfm.org/awardsscholarships/awards/stfmdiversityaward/overview

F. Marian Bishop Leadership Award

Established in 1990 in honor of Dr F. Marian Bishop, the F. Marian Bishop Leadership Award is presented by the STFM Foundation to honor senior leaders who have significantly enhanced the credibility of family medicine by a sustained, long-term commitment to family medicine in academic settings.

Learn more: stfm.org/awardsscholarships/awards/fmarianbishopleadershipaward/overview

Lynn & Joan Carmichael STFM Recognition Award

The Lynn and Joan Carmichael STFM Recognition Award honors an STFM member or nonmember for outstanding leadership in advancing family medicine as a discipline. The nominee's achievements and activities should be clearly recognized as enhancing or supporting family medicine education by improving resources available for its support, by defense or support of its objectives, or by other notable service to the discipline.

Learn more: stfm.org/awardsscholarships/awards/lynnjoancarmichaelstfmrecognitionaward/overview

STFM Advocate Award

The STFM Advocate Award honors STFM member(s) for outstanding work in political advocacy at the local, state, or national level. The recipient's efforts are not restricted to legislative work but cannot be solely individual patient advocacy.

Learn more: stfm.org/awardsscholarships/awards/stfmadvocateaward/overview

Scholarships, Awards, and Grants

AWARDS

STFM Research Paper of the Year Award

The STFM Research Paper of the Year Award recognizes the best research paper published by an STFM member in a peer-reviewed journal during the selected year (July 1–June 30). The winning paper will be presented at the STFM Annual Spring Conference.

Learn more: stfm.org/researchpaperoftheyear

STFM Excellence in Education Award

Designed to honor outstanding teachers, the STFM Excellence in Education Award recognizes an STFM member who has demonstrated excellence in teaching, curriculum development, mentoring, research, or leadership in education at regional or national levels. Nominees must have sustained involvement in family medicine education.

Learn more: stfm.org/stfmexcellenceineducationaward

STFM Innovative Program Award

The STFM Innovative Program Award honors excellence in the development of an original educational program or activity for family medicine residents, students, or faculty. The award recognizes a broad interpretation of innovative family medicine programs to include innovative residency programs, clerkships, services, curricula, or other activities that have had a significant, positive impact on family medicine education.

Learn more: stfm.org/awardsscholarships/awards/stfminnovativeprogramaward/overview

STFM Resident Teacher Award

The STFM Resident Teacher Award recognizes teaching contributions by residents. Each family medicine residency program can give this award annually to the resident who has best demonstrated interest in and commitment to family medicine education.

Learn more: stfm.org/awardsscholarships/awards/stfmresidentteacheraward/overview

STFM Precepting Awards

The STFM Precepting Awards recognize teaching contributions by individuals and teaching practices. Medical schools and residency programs can nominate teachers and teaching practices that meet the criteria. The awards are intended for those who precept students, particularly community preceptors/practices.

Learn more: stfm.org/awardsscholarships/awards/stfmpreceptingawards/overview

GRANTS

STFM Project Fund

The STFM Project Fund encourages STFM Collaboratives and Special Project Teams to plan, develop, implement, evaluate, and disseminate findings from educationally related scholarly projects. The outcomes of the project should benefit members, STFM, and the discipline of family medicine.

Learn more: stfm.org/awardsscholarships/grants/stfmprojectfund

Collaboration Opportunities

STFM CONNECT

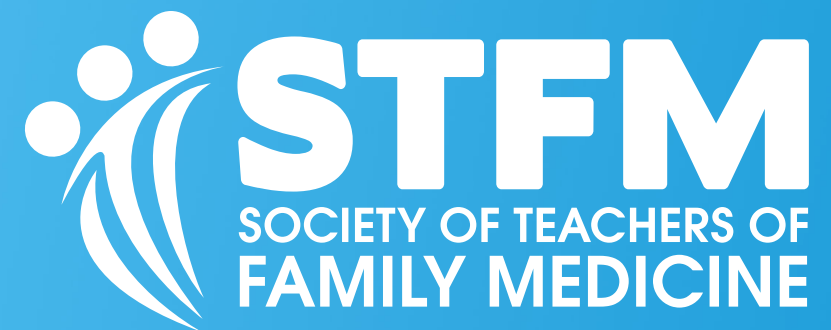

Connect and collaborate with peers for knowledge exchange, content curation, idea incubation, and networking at STFM CONNECT. STFM has more than 30 collaboratives you can join to network with colleagues and feed your passion! STFM CONNECT is a digital conference room for collaboratives, special project teams, and discussion forums.
